

CHILDREN'S CANCER CONNECTION

This year, Children's Cancer Connection will celebrate their 24th Anniversary! The mission of the organization is to enhance the quality of life for children affected by cancer by providing programs for recreation, education and family support. While best known for their two one-week long summer camp programs, now called Camp Heart Connection, they also provide hospital based programs, various support services and camp programs for the entire family. Children's Cancer Connection serves more than 400 active families from across the state of Iowa and relies on the support of more than 30,000 volunteer hours! This summer, more than 270 children will attend either Oncology or Sibling Camp for a week of fun where kids can enjoy activities without worrying about their family's cancer treatment.

ABOUT OUR ORIGINAL NAME AND LOGO

Our original name "The Heart Connection" was adopted from the thoughts of a child who, after spending a week at camp, said to his counselor, "Whether we're healthy or sick, grown-up or a kid, we're all connected by the heart." The Heart Connection always found ways to embrace the mission, the logo, and recognizes that as John Cornish said, "Cancer doesn't just hurt the person with the disease, it hurts the whole family." Before he died, John's brother, Danny, created the Heart Connection logo. The rainbow and sun represent Danny's positive outlook and love for life, even when faced with a serious illness. Danny Joe Cornish is our inspiration not only on tournament day, but everyday.
